

2nd German American Energy Conference 2010

March 22 - 23, 2010 in Berlin

Josef Eichhammer

Solar Trust of America, LLC, President and COO
Solar Millennium, LLC, CEO

Josef Eichhammer has 25-years experience in business development, project financing and project development. He has led leveraged lease financings for commercial aircraft and has structured financings for major power plants in Germany, India, Indonesia or China with multi-country sourcing. Together with international partners he developed power plant projects in the US, Germany, Portugal, Spain, Indonesia, India and China and he structured investment funds for oil tankers and real estate.

During his career, Josef has built up companies and teams in Germany, Asia and the US and he spearheaded Solar Millennium's business in the US and China.
