

2nd German American Energy Conference 2010

March 22 - 23, 2010 in Berlin

Ross Harding
Managing Director
Energy Launch Partners

Professional Career

Mr. Harding is a specialist in the field of industrial technology development and applications, having focused his career with an entrepreneurial dedication to advancing global resource intensive industries.

During a 12-year career at Calgon Corporation (subsidiary of Merck), based at various times out of Asia, North America and Europe, he built and developed worldwide water treatment businesses. He has served as Executive Vice President of Acuity Specialty Chemicals and as Vice President of Business Development at the Herty Advanced Materials Development Center; a world leader in forest based materials developments.

Mr. Harding is a Founding Partner of Lansera Group, Energy Launch Partners LLC & Verdant Resources LLC; companies engaged in renewable energy commercialization. He is also the founder of the Georgia Biofuels Commercialization Center where he remains a Senior Advisor for business development of renewable fuels.

Education

Mr. Harding holds a BS in Chemistry from Queensland University of Technology in Australia. He went on to receive an MBA from the Katz school of business at the University of Pittsburgh including studies in Finance at INSEAD in France.

Additional Information

Mr. Harding is a regular speaker and written contributor to technical, trade, media, legislative and board briefings on Biofuels.
